X Making a difference of \$264.92 which the collector was unable to account for.

About \$25.00 on 1894 and same amount on 1895 tax books would be unavailable by precedent. Some paid in other towns; others never paid a tax, hence are subject to abatement.

This is a reprehensible precedent, for a person cannot become a good citizen while he is exempt from payment by abatement. Evidently there is some mistake somewhere, and had section 28, chapter 43, Public Statutes, been put in force by the treasurer it might have been averted. Cannot find where any interest on 1893 tax book has been turned in to the treasurer. Said interest must be due to the town.

The practice of the selectmen becoming purchasers for the town at the annual land sale for taxes, and allowing same to float in the hands of the collector for two or three years, and not demanding interest—only optionally—and flood the treasury with interest-bearing notes, for running expenses, is wrong.

A little improvement ought to be expected in the near future.

Respectfully submitted,

W. W. R. MINER, AUDITOR.

X An explanation satisfactory to the town was made by the Collector

**Report of Trustees**

The town voted March, 1894, to accept of the provisions of the Public Statutes, Chapter 8, Sections 21-26, relative to a free public library, by which the town received from the State a gift of one hundred dollars worth of books. These books have been received and a Free Public Library has been established. Said books were selected by the State and are standard works, first-class in every respect. One hundred and nine volumes have been received from the State upon which a liberal discount was allowed in favor of the town so that in reality the gift from the State amounted to about \$166.

At the same time, referred to above, the town voted to appropriate \$25.00 annually for the maintenance of the library from which \$13.95 has been paid for book-shelves and supplies, and \$12.50 has been paid for services of the librarian.

No books have yet been purchased by the town for the library but there is now in the hands of the Library Trustees \$45.15 which is soon to be expended for books.

Respectfully submitted,

### No. 1.—PARKER HILL.

The spring term of ten weeks was taught by Dwight H. Parker. Good, all-around improvement was made. Mr. Parker is a good teacher. The fall and winter term of twelve weeks was taught by Miss Nina M. Elms. There was good improvement in all branches taught.

### No. 2.—CLOUGH HILL.

The summer term of twelve weeks was taught by Miss Gertrude A. Trevena. As in substance was said of her sister, Sadie, a few years ago: "Miss Trevena is a teacher of experience and good, practical abilities; who labors constantly for the benefit of her pupils, and although not rigid in discipline, yet by a kind and dignified manner secures the confidence of her scholars, who did themselves and their teacher much credit in the recitations of the closing examinations." The fall term of eleven weeks was taught by Murray B. Glazier of Lisbon, N. H.

### No. 3.—MOULTON HILL.

A successful school of ten weeks was, in the fall and winter, taught by Miss Maud Alexander. The school is very small and the scholarship deplorable. Good progress, however, was made under the instruction of Miss Alexander, who possesses rare qualities as a teacher. Summer term of eight weeks was taught by Miss Alice Ennor. The scholars showed good advancement.

### No. 4.—TINKERVILLE.

The spring term of eight weeks was taught by Ida M. Clark. Owing to few scholars and slim attendance of the few, not much progress was made, which was not the fault of the teacher. The fall and winter term of twelve weeks was taught by Dwight H. Parker, with very slim attendance. It does not pay to run so many schools. The schools of the town should be consolidated into one, or, at most, into three.

## No. 5. — POND.

In the spring, a successful term of ten weeks was taught by Ida B. Moore of Woodsville, N. H. The fall term of ten weeks was under the wise and judicious instruction of Mrs. Minnie L. Ash, which is a sufficient guarantee that the pupils were well served. Mrs. Ash being called away at the end of ten weeks, Mrs. Belle Casey taught the two closing weeks of the term. Faithful work was done by each of these teachers.

## No. 6. — UNDER THE MOUNTAIN.

Summer term of seven weeks and the fall term of twelve weeks were taught by Miss Emma Mason. These terms were very successful.

---

Sample school books to the value of about twelve dollars have been given the town for examination by various publishers during the year. A few copies of Frye's Geography have been introduced on trial. Twenty-four copies of Hyde's Lessons in Language have been bought to take the place of Patterson's Grammar. Two or three dozen small books have been purchased to supply the need caused by books worn out.

The town is at the present time fairly well supplied with school books and supplies. Probably \$15 will be sufficient to procure what text books and supplies will be needed the ensuing year.

Respectfully submitted,

JOHN F. OLIN,	}	SCHOOL BOARD
ELIPHALET MASON,		OF

SCHOOL No. 6—Earl C. Parker, Charles W. Parker, Christie E. Burt, Bessie Griffin, Mary Griffin, Isis Stevens, Wilson Stevens, Bonnie Stevens.

Number of children in town between the ages of five and sixteen is 92—51 boys and 41 girls.

Twenty scholars in town are ambitious to secure a thorough education, others are indifferent, still others seem unwilling to attend school at all. I would urge upon parents and guardians the importance of hearty co-operation with the truant officer that ALL scholars may eagerly grasp every opportunity to secure instruction and culture.

Respectfully submitted,

JOHN F. OLIN,

CENSUS AND TRUANT OFFICER.
